## Graham Furness (North Ward)

I've stayed on the Parish Council for more than 15 years because I continue to be concerned about the area I live in and want to play an active part in looking after it. The older people especially need someone to represent their views and concerns and I can do that.

Problems with footpaths and street lighting can be very upsetting for an older person.

*There's one project especially I'd like to see take off—a footpath and cycle track along the river from Tonford bridge into Canterbury. It's been talked about for a while.*

## Terry Maple (South Ward)

My wife Margaret and I have lived in the parish since 1974—we have two grown-up daughters. I am proud of having been allowed the privilege for the last five years of representing the residents of the South Ward. I run my own Civil Engineering Quantity Surveying Practice having worked in the industry for 35 years. I am also very involved in my local Community

Association on the management committee. The Association is currently in negotiations with Thanington Parochial Church Council attempting to secure the freehold of St Faith's hall in order to obtain grants for a total rebuild of the hall for the benefit of generations to come.

*We were recently given the go-ahead to smarten up the corner of New House Lane by the post box—another triumph.*

## Terry Davis (South Ward)

I came to Thanington Without with my wife Carole and daughter Rebecca in 1988, from Orpington. For a short time I was a Metropolitan Policeman based in Kensington before spending the next 43 years as an architect in London, working mainly on Sound Recording Studios and the refurbishment of old buildings. I feel strongly about the environment, but without

the politics. My other main interests are photography and family history.

*I was instrumental in the installation of the footpath sign being erected at the junction of Hollow Lane and New House Lane giving directional information to the high level footpath into Wincheap.*

## Chibuzor Uwadi (North Ward)

Many people call me Chi Chi. I moved from Cambridge to Canterbury three years ago for work reasons—I'm an optometrist—and soon afterwards a Parish Council notice caught my eye. It said: Do You Want To Make A Difference in Your Community? I

really did and now I'm on the council. My other main interest is Christian Creative Writing—a group of us meet locally to discuss our work.

*There are lots of ways I would like to be able to help make life better for people — single mothers and children especially.*

**3 Ingoldsby Road, Thanington Without, Canterbury CT1 3UD Telephone: 01227 769 510**

## Toni Baker (North Ward)

I'm the new girl here as I've only been on the Parish Council since last October and I've never done anything like it before. I come from Nottingham and have moved around the country for work reasons but I really like Canterbury and feel very community-based. As a youth worker at the Resource centre I get to know a

lot of the children from the estate, and their mums. Often while chatting to each other I find out about problems in the area—potholes, speeding cars, overgrown hedges—and I can do something about it. I have two teenage boys of my own and feel strongly about youth issues.

*Sometimes people don't know how to make a complaint and as a councillor I can help.*
