IF YOU have any old photographs or memorabilia dating back to before WW2, the Parish Council would like to hear from you.

The PC website (address below) already has some fascinating pictures and stories of life in the area during the Thirties and Forties and now the webmaster, Parish Council Clerk Roger Cheeseworth, would like to extend the history pages.

Among other things, the website incorporates news and information about Parish Council affairs, details of local amenities and services as well as snapshots of local history for your interest and entertainment.

'It has also become a means of communicating with old neighbours who now live on the other side of

the world,' say the Parish Council.

*If you have any photographs, news cuttings, or other memorabilia that could enhance the history pages, contact Roger Cheeseworth on 01227 761 642.*

Any material lent to the Parish Council will be treated with the utmost care. Roger can scan it into his computer to turn it into a digital image and return it to its owner the same day if necessary. He will be happy to collect and return any material in person.

The Parish Council is also interested in any digital photos residents may have of Larkey Valley Woods, the River Stour and the Fishing Lakes.
