

# Action 4 U

*Can we fix it?*  
*Yes we can!*  
**With a little help from you**

THE PARISH Council is only as good as the information that is given to us by you, the people of Thanington Without.

I live in Iffin Lane and during my time as a Parish Councillor only one resident has contacted me with a local problem. The concerned resident raised two issues: that our only street light in Iffin Lane (pictured above) had failed to turn on; and a manhole cover rocked when cars went over it, causing a disturbing sound, especially at night. Both problems, having been reported to the Parish Council, were put right.

Is there something in your street or in a street nearby that you believe needs fixing? Is there anything we could do to improve your area? If you believe there is, then please let us know.

One of the Parish Council's improvements in the South Ward is the introduction of information signs directing walkers to the high level footpath running parallel to Hollow Lane, down into Wincheap. Using the path avoids the dangers of walking with the traffic.

A few weeks ago I noticed a group of young people sliding down the steep bank from the footpath - an accident surely waiting to happen. The Parish Council is now making preparations for a fence to be erected along the path in the hope that this will not happen again.

If we all look around us I am sure we will see work that needs to be done: the holes in the road, the street light not working, the sign that has been pushed over or removed, the dumped rubbish that needs to be collected. This is all within our power to put right—if we know about it.

Listed right are the names of all of the Parish Councillors. We await your calls - if we can help, we will.
