## 'Foolish new idea... makes a mockery of the process'

from page 1

playing fields by the Thanington Resource Centre to a Park and Ride site. This, in my view, is a completely unacceptable idea.

The playing fields are evidently a greenfield site and protected public open space. The consultation document on the future of the Wincheap Estate made no mention of this and thus has now been rendered a meaningless and expensive waste of time.

As County Cllr Martin Vye said: 'I cannot understand how this extraordinary and foolish new idea can come out of the blue when we are supposed to be consulting with our residents. It makes a mockery of the process.'

Your local councillors Martin Vye, Alex Perkins, Charlotte MacCaul and I are all implacably opposed to this. But we want to hear your views, so please keep in touch with us either directly, or through your parish council - because we must continue to work together.

I hope you will come to the Annual Meeting of your Parish Council on 19 May — I'd very much like to hear what you have to say.

*Cllr Nick Eden-Green*

### Parish Council Annual General Meeting AGENDA
